Professional Summary

I am a third-year Information Technology undergraduate at SLIIT with experience in full-stack and Android application development. I have worked with Spring Boot, the MERN stack, Java, Kotlin, JavaScript, REST APIs, and databases to build user-friendly and scalable applications. I enjoy learning new technologies, solving problems, and working in collaborative Agile teams. I also have a strong interest in telecommunications and digital platforms. I am looking for a Software Engineering Internship where I can further develop my technical skills and contribute to real-world projects.

Skills

Soft Skills:

- Communication, Teamwork, Problem-Solving, Adaptability, Time Management, Critical Thinking

Technical skills:

- Frontend: HTML, CSS, JavaScript, Tailwind CSS, XML, React (MERN)
- Backend: PHP, Java, C++, Node.js, Express.js, Spring Boot
- Databases & Cloud Services: MySQL, MongoDB, Firebase
- Mobile Development: Android Studio, Kotlin, Shared Preferences
- Testing & API Tools: Playwright, Postman
- DevOps & Tools: Git, GitHub, Docker, Figma
- Concepts & Methodology: OOP, MVC, Data Structures & Algorithms, REST APIs, Agile Methodology

Education

SLIIT University, Bachelors of Information Technology specializing in IT

2023 Sep - Present

- CGPA: 2.73

Relevant Experience

Software Engineering Project Experience

Academic & Personal Projects | 2024 – Present

- Developed full-stack web applications using Spring Boot, React.js, Node.js, Express.js, MongoDB, and MySQL.
- Built Android applications using Java and Kotlin with user-friendly interfaces and basic database integration.
- Designed and implemented REST APIs for CRUD operations, authentication, and data handling.
- Used Git and GitHub for version control, code management, and project collaboration.
- Applied object-oriented programming, MVC architecture, debugging, testing, and problem-solving skills during development.
- Practiced Agile/Scrum concepts such as sprint planning, task breakdown, iterative development, and progress tracking in academic projects.

Academic Projects

Smart Campus Hub | React | Spring boot | My SQL | Docker | Postman

Jan 2026-April 2026

- Developed a full-stack Smart Campus Operations Hub to manage campus facilities, room bookings, maintenance tickets, and real-time notifications.
- Implemented secure authentication and authorization using Spring Boot, React, MySQL, JWT, and Google OAuth2 for robust, scalable, and user-friendly access control.

GitHub: <https://github.com/Darshik-an/it3030-paf-2026-smart-campus-group-WE-117-1.2.git>

Stuzic – Study Planner with Mood-Based Music Recommendation | React | Tailwind | Firebase | Playwright

- Built a web app for task planning, study scheduling, reminders, and music playback during study sessions.
- My module: Developed the Mood & Music Recommendation module, including form validation, Firebase Fire store data storage, mood history tracking, and analytics.
- Worked in an Agile team environment, contributing to module development, testing, and regular progress updates.

GitHub: <https://github.com/darsika4478/ITPM-STUZIC-web-app.git>

Online Clothing Store System | MERN Stack

Jul 2025-Oct 2025

- Built full-stack e-commerce system with authentication, payments, and order tracking
- Developed 15+ responsive React screens using Tailwind CSS and reusable components, Optimized MongoDB

GitHub: <https://github.com/darsika4478/web-project-2.git>

Mobile App Development | Android (Kotlin)

- Developed Android apps with onboarding, validation, notifications, and habit tracking
- Implemented clean XML UI layouts and local storage using SharedPreferences
- Designed Figma prototypes and converted them into functional UI screens

GitHub: https://github.com/darsika4478/Mobile_App.git

Certificates

- MongoDB Data Modeling Path – MongoDB | Issued: April 2026
- Indexing Design Fundamentals – MongoDB | Completed: Dec 2025
- MongoDB Basics for Students – MongoDB | Completed: Dec 2025
- Python for Beginners – CODL | University of Moratuwa | Issued: Dec 2025
- AI/ML Engineer – Stage 1 – SLIIT | Completed: Dec 2025

Languages

English – Advanced | **Sinhala** – Advanced | **Tamil** – Native
